Enemy of All Mankind

A True Story of Piracy, Power, and History's First Global Manhunt
STEVEN JOHNSON

How did a single manhunt spark the modern era of multi-national capitalism? Henry Avery was the seventeenth century's most notorious pirate. The press published wildly popular—and wildly inaccurate—reports of his nefarious adventures. The British government offered enormous bounties for his capture, alive or (preferably) dead. But Steven Johnson argues that Avery's most lasting legacy was his inadvertent triggering of a new model for the global economy. *Enemy of All Mankind* focuses on one key event—the attack of an Indian treasure ship by Avery and his crew—and its surprising repercussions across time and space.

Johnson uses the extraordinary story of Henry Avery and his crimes to explore the emergence of the modern global marketplace: a densely interconnected planet ruled by nations and corporations. Like the bestselling *How We Got To Now* and *The Ghost Map*, *Enemy of All Mankind* crosses disciplinary boundaries to recount its history: the chemistry behind the invention of gunpowder; the innovations in navigation that enabled the age of exploration; the cultural history of pirates; the biographical history of Avery and his crew; the rise of the Moghul dynasty; and the commercial ambition of the East India Company.

In this compelling work of history and ideas, Johnson deftly traces the path from a single struck match to a global conflagration.

STEVEN JOHNSON is the bestselling author of eleven books, including *Where Good Ideas Come From*, *Wonderland*, and *The Ghost Map*. He's the host and co-creator of the Emmy-winning PBS/BBC series "How We Got To Now," and the host of the podcast "American Innovations". He lives in Brooklyn and Marin County, California with his wife and three sons.

Sex and Vanity

KEVIN KWAN

The iconic author of the bestselling phenomenon *Crazy Rich Asians* returns with a glittering tale of love and money as a young woman finds herself torn between two worlds—the WASP establishment of her father’s family and George Zhao, a man she is desperately trying to avoid falling in love with.

On her very first morning on the jewel-like island of Capri, Lucy Churchill sets eyes on George Zhao and she instantly can’t stand him. She can’t stand it when he gallantly offers to trade hotel rooms with her so that she can have the view of the Tyrrhenian Sea, she can’t stand that he knows more about Curzio Malaparte than she does, and she really can’t stand it when he kisses her in the darkness of the ancient Matermania cave and they are caught by her snobbish, disapproving cousin, Charlotte. “Your mother is Chinese so it’s no surprise you’d be attracted to someone like him,” Charlotte teases. Daughter of an American-born-Chinese mother and blue-blooded New York father, Lucy has always sublimated the Asian side of herself in favor of the WASP establishment world, and she adamantly denies having feelings for George. But three years later, when George unexpectedly appears at a tennis match in East Hampton where Lucy is cheering on her new fiancé, Lucy can’t help but kiss George again. Soon, Lucy finds herself spinning a web of deceit that involves her family, her fiancé, the co-op board of her Park Avenue apartment, and ultimately herself as she tries mightily to deny George entry into her world—and her heart. Moving between summer playgrounds of privilege, peppered with decadent food and extravagant fashion, *Sex and Vanity* is a totally modern love story and brilliantly funny comedy of manners set between two cultures.

The Evening and the Morning

KEN FOLLETT

From #1 *New York Times* bestselling author Ken Follett, a thrilling and addictive new novel—a prequel to *The Pillars of the Earth*—set in England at the dawn of a new era: The Middle Ages.

It is 997 CE, the end of the Dark Ages. England is facing attacks from the Welsh in the west and the Vikings in the east. Those in power bend justice according to their will, regardless of ordinary people and often in conflict with the king. Without a clear rule of law, chaos reigns.

In these turbulent times, three characters find their lives intertwined: A young boatbuilder's life is turned upside down when the only home he's ever known is raided by Vikings. A Norman noblewoman marries for love, following her husband across the sea to a new land. But everyone around her is engaged in a constant, brutal battle for power and a single misstep could be catastrophic. A monk dreams of transforming his humble abbey into a center of learning that will be admired throughout Europe. And each in turn comes into dangerous conflict with a clever and ruthless bishop who will do anything to increase his wealth and power.

KEN FOLLETT is one of the world's most successful authors. More than 160 million copies of the 30 books he has written have been sold in over 80 countries and in 33 languages. Ken has been active in numerous charities including Dyslexia Action, among many others. Ken also set up The Follett Trust, which awards single donations to the arts and in cases of social deprivation and education.

The Testaments

MARGARET ATWOOD

Winner of the Booker Prize and a #1 *New York Times* bestseller, *The Testaments* is a modern masterpiece, a powerful novel that can be read on its own or as a companion to Margaret Atwood's classic, *The Handmaid's Tale*.

More than fifteen years after the events of *The Handmaid's Tale*, the theocratic regime of the Republic of Gilead maintains its grip on power, but there are signs it is beginning to rot from within. At this crucial moment, the lives of three women converge, with potentially explosive results. Two have grown up as part of the first generation to come of age in the new order. The testimonies of these two young women are joined by that of Aunt Lydia, whose complex past and uncertain future unfold in surprising and pivotal ways.

With *The Testaments*, Margaret Atwood opens up the innermost workings of Gilead, as each woman is forced to come to terms with who she is and how far she will go for what she believes.

The Book of Two Ways

JODI PICOULT

Everything changes in a single moment for Dawn Edelstein. She's on a plane when the flight attendant makes an announcement: prepare for a crash landing. She braces herself as thoughts flash through her mind. The shocking thing is, the thoughts are not of her husband, but a man she last saw fifteen years ago: Wyatt Armstrong.

Dawn, miraculously, survives the crash, but so do all the doubts that have suddenly been raised. Back home, there is her husband, her beloved daughter, and her work with patients in hospice.

But somewhere in Egypt is Wyatt Armstrong, who works as an archaeologist unearthing ancient burial sites, a job she once studied for, but was forced to abandon when life suddenly intervened.

After the crash landing, the airline offers the passengers transportation to wherever they want to go. The obvious option for Dawn is to go home to her family. The other is to return to the archaeological site she left years before and reconnect with Wyatt.

As the story unfolds, Dawn's two possible futures unspool side by side, as do the secrets and doubts long buried beside them. Dawn must confront the questions she's never truly asked: What does a life well-lived look like? When we leave this earth, what do we leave behind? Do we make choices...or do our choices make us? And who would you be, if you hadn't turned out to be the person you are right now?

JODI PICOULT is the #1 *New York Times* bestselling author of twenty-four novels, including *A Spark of Light*, *Small Great Things*, *Leaving Time*, *The Storyteller*, *Lone Wolf*, *Sing You Home*, *House Rules*, *Handle with Care*, *Change of Heart*, *Nineteen Minutes*, and *My Sister's Keeper*. Rodham

CURTIS SITTENFELD

What if Hillary Rodham hadn't married Bill Clinton?

In 1971, Hillary Rodham is a young woman full of promise: Life magazine has covered her Wellesley commencement speech, she's attending Yale Law School, and she's on the forefront of the women's rights movement. And then she meets Bill Clinton. In each other, the two find a profound intellectual, emotional, and physical connection that neither has previously experienced. In the real world, Hillary followed Bill back to Arkansas and she became Hillary Clinton.

But in Curtis Sittenfeld's powerfully imagined tour-de-force, Hillary takes a different road. Over the next four decades, she blazes her own trail—one that unfolds in public as well as in private, that involves crossing paths again (and again) with Bill Clinton, that raises questions about the tradeoffs all of us must make in building a life.

The Nickel Boys

COLSON WHITEHEAD

Here is Colson Whitehead's bravura follow-up to his Pulitzer Prize- and National Book Award-winning #1 New York Times bestseller, *The Underground Railroad*. *The Nickel Boys* brilliantly dramatizes another strand of American history through the story of two boys sentenced to a hellish reform school in Jim Crow-era Florida.

The Book Everyone Is Talking About

The Book of Longings

SUE MONK KIDD

The #1 *New York Times* bestselling author of *The Secret Life of Bees* and *The Invention of Wings*, gives voice to one of the most silenced women in history—the wife of Jesus.

In her fourth work of fiction, Sue Monk Kidd brings her acclaimed narrative and imaginative gifts to telling the story of Ana, a devout yet rebellious and ambitious young woman with a brilliant, curious mind. When she meets the eighteen-year old Jesus, both are drawn to and enriched by each other's philosophical and spiritual ideas. He becomes a floodgate for her intellect, a way to be understood, and perhaps loved.

Book of Longings is a story of attachment, separation, exile, and reunion, grounded in an authentic and meticulously researched world of first century Palestine and Alexandria, and set aloft through imagination.

SUE MONK KIDD is the author of three bestselling novels: *The Secret Life of Bees*, *The Mermaid Chair*, and *The Invention of Wings*. She has also written several acclaimed memoirs, including *The Dance of the Dissident Daughter*, her groundbreaking work on religion and feminism, as well as the *New York Times* bestseller *Traveling with Pomegranates*, written with her daughter, Ann Kidd Taylor.

A Deadly Education

NAOMI NOVIK

Enter a school of magic unlike any you have ever encountered: There are no teachers, no holidays, and no friendships save strategic ones. Survival is more important than any letter grade, for the school won't allow its students to leave until they graduate ... or die. The rules are deceptively simple: Don't walk the halls alone. And beware of the monsters who lurk everywhere.

El is uniquely prepared for the school's dangers. She may be without allies, but she possesses a dark power strong enough to level mountains and wipe out untold millions. It would be easy enough for El to defeat the monsters that prowl the school. The problem? Her powerful dark magic might also kill all the other students.

So El is trying her hardest not to use her power ... at least not until she has no other option. Meanwhile, her fellow student, the insufferable Orion Lake, is making heroism look like a breeze. He's saved hundreds of lives—including El's—with his flashy combat magic.

In the spring of their junior year, after Orion rescues El for the second time and makes her look like more of an outcast than she already is, she reaches an impulsive conclusion: Orion Lake must die.

But El is about to learn some lessons she never could in the classroom: About the school. About Orion Lake. And about who she really is.

NAOMI NOVIK is the acclaimed author of the Temeraire series: *His Majesty's Dragon*, *Throne of Jade*, *Black Powder War*, *Empire of Ivory*, *Victory of Eagles*, *Tongues of Serpents*, *Crucible of Gold*, *Blood of Tyrants*, and *League of Dragons*. A strategy for changing our lives, and the world

Touching the Jaguar

Transforming Fear into Action to Change Your Life and the World
JOHN PERKINS

“This eloquent book inspires us to create a new reality of what it means to be humans on this magnificent planet.”

—Deepak Chopra

New York Times bestselling author John Perkins tells the dramatic story of how his life was saved by an Amazon shaman who taught him to “touch the jaguar”—to transform his fears into positive action.

This all happened while Perkins was a Peace Corps volunteer. Then he became an “economic hit man” (EHM), convincing developing countries to build huge projects that put them perpetually in debt to the World Bank and other US-controlled institutions. Although he learned in business school that this was the best model for economic development, he came to understand it as a new form of colonialism. When he later returned to the Amazon, he saw the destructive impact of his work. But a much more profound experience emerged: Perkins was inspired by a previously uncontacted Amazon tribe that “touched its jaguar” by uniting with age-old enemies to defend its territory against invading oil and mining companies.

For the first time, Perkins details how shamanism converted him from an EHM to a crusader for transforming a failing Death Economy (exploiting resources that are declining at accelerating rates) into a Life Economy (cleaning up pollution, recycling, and developing green technologies). He discusses the power our perceptions have for molding reality. And he provides a strategy for each of us to change our lives and defend our territory—the earth—against current destructive policies and systems.

JOHN PERKINS is an activist and author of 10 books including *Touching the Jaguar* and the classic *Confessions of an Economic Hit Man*. His books have been international bestsellers, selling over 2 million copies and are published in 35 languages. As a former chief economist at a major consulting firm, he advised the World Bank, United Nations, Fortune 500 corporations, and governments. He regularly speaks at gatherings around the world and is a founder and board member of the nonprofit organizations, the Pachamama Alliance and Dream Change.

Lives of the Stoics

The Art of Living from Zeno to Marcus Aurelius

RYAN HOLIDAY and STEPHEN HANSELMAN

From the bestselling authors of *The Daily Stoic* comes an inspiring guide to the lives of the Stoics, and what the ancients can teach us about happiness, success, resilience and virtue.

Nearly two thousand years after a ruined merchant named Zeno first established a school on the Stoa Poikile of Athens, Stoicism has found a new audience among those who seek greatness, from athletes to politicians and everyone in between. It's no wonder; the philosophy and its embrace of self-mastery, virtue, and indifference to that which we cannot control is as urgent today as it was in the chaos of the Roman Empire.

In *Lives of the Stoics*, Holiday and Hanselman present the fascinating lives of the men and women who strove to live by the timeless Stoic virtues of Courage. Justice. Temperance. Wisdom. Organized in digestible, mini-biographies of all the well-known—and not so well-known—Stoics, this book vividly brings home what Stoicism was like for the people who loved it and lived it, dusting off powerful lessons to be learned from their struggles and successes.

A treasure of valuable insights and stories, this book can be visited again and again by any reader in search of inspiration from the past.

RYAN HOLIDAY is one of the world's foremost thinkers and writers on ancient philosophy and its place in everyday life. He is a sought-after speaker, strategist, and the author of many bestselling books including *The Obstacle Is the Way*; *Ego Is the Enemy*; *The Daily Stoic*; and the #1 *New York Times* bestseller *Stillness Is the Key*. His books have been translated into over 30 languages and read by over two million people worldwide. He lives outside Austin, Texas, with his family.

Twilight of Democracy: The Seductive Lure of Authoritarianism

ANNE APPLEBAUM

The Pulitzer Prize-winning author, professor, and historian offers an expert guide to understanding the appeal of the strongman as a leader and an explanation for why authoritarianism is back with a menacing twenty-first-century twist.

Across the world today, from the Americas to Europe and beyond, liberal democracy is under siege while populism and nationalism are on the rise. Drawing on reporting in Spain, Switzerland, Poland, Hungary, and Brazil; using historical examples including Stalinist central Europe and Nazi Germany; and investigating related phenomena (the modern conspiracy theory, nostalgia for a golden past, political polarization, and meritocracy and its discontents), Anne Applebaum brilliantly illuminates the seduction of totalitarian thinking and the eternal appeal of the one-party state.

The Cousins

KAREN M. McMANUS

From the *New York Times* bestselling author of *One of Us Is Lying* comes the next thriller of the year. Just remember—Family, first. Always.

Milly, Aubrey, and Jonah Story are cousins, but they barely know each another, and they've never even met their grandmother. Rich and reclusive, she disinherited their parents before they were born. So when they each receive a letter inviting them to work at her island resort for the summer, they're surprised...and curious.

Their parents are all clear on one point—not going is not an option. This could be the opportunity to get back into grandmother's good graces. But when the cousins arrive on the island, it's immediately clear that she has different plans for them. And the longer they stay, the more they realize how mysterious—and dark—their family's past is.

Karen M. McManus is the bestselling author of *One of Us Is Lying*, *Two Can Keep a Secret*, and *One of Us Is Next*. McManus lives in Cambridge, Massachusetts.

A Sky Beyond the Storm

SABAA TAHIR

Prepare for the jaw-dropping finale of Sabaa Tahir's beloved *New York Times* bestselling *An Ember in the Ashes* fantasy series, a book that dares to ask: Who will die first?

Picking up just a few months after *A Reaper at the Gates* left off...

The Nightbringer is ready to attack.

The Commandant declares herself Empress and calls for the heads of any and all who defy her rule.

Laia, now allied with the Blood Shrike, struggles to recover from the loss of the two people most important to her. She throws herself into the destruction of the Nightbringer, but awakens an ancient power that could lead her to victory—or to an unimaginable doom.

Deep in the Waiting Place, the Soul Catcher seeks only to forget the life—and love—he left behind. Yet doing so means ignoring the trail of murder and destruction left by the Nightbringer and his jinn. To uphold his oath and protect the human world from the supernatural, the Soul Catcher must look beyond the borders of his own land—and take on a mission that could save—or destroy—all that he knows.

Breathless

JENNIFER NIVEN

From Jennifer Niven, the bestselling author of *All the Bright Places*, comes an unforgettable new book about growing up, moving on, and losing your virginity.

Before: With graduation on the horizon, budding writer Claudine Henry is making plans: college in the fall, become a famous author, and maybe—finally—have sex. She doesn't even need to be in love. Then her dad drops a bombshell: he's leaving Claude's mother. Suddenly, Claude's entire world feels like a lie, and her future anything but under control.

After: Claude's mom whisks them away to the last place Claude could imagine nursing a broken heart: a remote, mosquito-infested island off the coast of Georgia. But then Jeremiah Crew happens. Miah is a local trail guide with a passion for photography—and a past he doesn't like to talk about. He's brash and enigmatic, and even more infuriatingly, he's the only one who seems to see Claude for who she wants to be. So when Claude decides to sleep with Miah, she tells herself it's just sex, nothing more. There's not enough time to fall in love, especially if it means putting her already broken heart at risk.

Compulsively readable and impossible to forget, Jennifer Niven's luminous new novel is an insightful portrait of a young woman ready to write her own story.

JENNIFER NIVEN is the internationally bestselling author of *All the Bright Places* and *Holding Up the Universe*. Her books have been translated in over 75 languages, and have won literary awards around the world.
