A Glamorous New Story from Taylor Jenkins Reid

Malibu Rising

Taylor Jenkins Reid

From the *New York Times* bestselling author of *Daisy Jones & The Six* . . . Four famous siblings throw an epic party to celebrate the end of the summer. But over the course of twenty-four hours, their lives will change forever.

Malibu: August 1983. It's the day of Nina Riva's annual end-of-summer party, and anticipation is at a fever pitch. Everyone wants to be around the famous Rivas: Nina, the talented surfer and supermodel; brothers Jay and Hud, one a championship surfer, the other a renowned photographer; and their adored baby sister, Kit. Together the siblings are a source of fascination in Malibu and the world over—especially as the offspring of the legendary singer Mick Riva.

The only person not looking forward to the party of the year is Nina herself, who never wanted to be the center of attention, and who has also just been very

publicly abandoned by her pro tennis player husband. Oh, and maybe Hud—because it is long past time for him to confess something to the brother from whom he’s been inseparable since birth.

Jay, on the other hand, is counting the minutes until nightfall, when the girl he can’t stop thinking about promised she’ll be there.

And Kit has a couple secrets of her own—including a guest she invited without consulting anyone.

By midnight the party will be completely out of control. By morning, the Riva mansion will have gone up in flames. But before that first spark in the early hours before dawn, the alcohol will flow, the music will play, and the loves and secrets that shaped this family’s generations will all come rising to the surface.

Malibu Rising is a story about one unforgettable night in the life of a family: the night they each have to choose what they will keep from the people who made them . . . and what they will leave behind.

The Remarkable Story of J. P. Morgan's Personal Librarian

The Personal Librarian

Marie Benedict and Victoria Christopher Murray

The remarkable, little-known story of Belle da Costa Greene, J. P. Morgan's personal librarian--who became one of the most powerful women in New York despite the dangerous secret she kept in order to make her dreams come true, from *New York Times* bestselling author Marie Benedict and acclaimed author Victoria Christopher Murray.

In her twenties, Belle da Costa Greene is hired by J. P. Morgan to curate a collection of rare manuscripts, books, and artwork for his newly built Pierpont Morgan Library. Belle becomes a fixture on the New York society scene and one of the most powerful people in the art and book world, known for her impeccable taste and shrewd negotiating for critical works as she helps build a world-class collection.

But Belle has a secret, one she must protect at all costs. She was born not Belle da Costa Greene but Belle Marion Greener. She is the daughter of Richard Greener, the first Black graduate of Harvard and a well-known advocate for equality. Belle's complexion isn't dark because of her alleged Portuguese heritage that lets her pass as white--her complexion is dark because she is African American.

The Personal Librarian tells the story of an extraordinary woman, famous for her intellect, style, and wit, and shares the lengths to which she must go--for the protection of her family and her legacy--to

preserve her carefully crafted white identity in the racist world in which she lives.
