Cover Reveal for BEASTS OF PREY

Beasts of Prey

Ayana Gray

In this much-anticipated series opener, fate binds two Black teenagers together as they strike a dangerous alliance to hunt down the ancient creature menacing their home--and discover much more than they bargained for.

Magic doesn't exist in the broken city of Lkossa anymore, especially for girls like sixteen-year-old Koffi. Indentured to the notorious Night Zoo, she cares for its fearsome and magical creatures to pay off her family's debts and secure their eventual freedom. But the night her loved ones' own safety is threatened by the Zoo's cruel master, Koffi unleashes a power she doesn't fully understand--and the consequences are dire.

As the second son of a decorated hero, Ekon is all but destined to become a Son of the Six--an elite warrior--and uphold a family legacy. But on the night of his final rite of passage, a fire upends his plans. In its midst, Ekon not only encounters the Shetani--a vicious monster that has plagued the city and his nightmares for nearly a century--but a curious girl who seems to have the power to ward off the beast. Koffi's power ultimately saves Ekon's life, but his choice to let her flee dooms his hopes of becoming a warrior.

Desperate to redeem himself, Ekon vows to hunt the Shetani down and end its reign of terror, but he can't do it alone. Meanwhile, Koffi believes finding the Shetani and selling it for a profit could be the key to solving her own problems. Koffi and Ekon--each keeping their true motives secret from the other--form a tentative alliance and enter into the unknowns of the Greater Jungle, a world steeped in wild magic and untold dangers. The hunt begins. But it quickly becomes unclear whether they are the hunters or the hunted.

A New Love Story From Nicola Yoon

Instructions for Dancing

Nicola Yoon

#1 New York Times bestselling author of *Everything, Everything* and *The Sun Is Also a Star* Nicola Yoon is back with her eagerly anticipated third novel. With all the heart and hope of her last two books, this is an utterly unique romance.

Evie Thomas doesn't believe in love anymore. Especially after the strangest thing occurs one otherwise ordinary afternoon: She witnesses a couple kiss and is overcome with a vision of how their romance began . . . and how it will end. After all, even the greatest love stories end with a broken heart, eventually.

As Evie tries to understand why this is happening, she finds herself at La Brea Dance Studio, learning to waltz, fox-trot, and tango with a boy named X. X is everything that Evie is not: adventurous, passionate, daring. His philosophy is to say yes to everything—including entering a ballroom dance competition with a girl he's only just met.

Falling for X is definitely not what Evie had in mind. If her visions of heartbreak have taught her anything, it's that no one escapes love unscathed. But as she and X dance around and toward each other, Evie is forced to question all she thought she knew about life and love. In the end, is love worth the risk?

Gayle Forman is Back with WE ARE INEVITABLE

We Are Inevitable

Gayle Forman

Rainbow Rowell meets Nick Hornby in a laugh-till-you-cry comedy about life after extinction.

Aaron Stein used to think books were miracles. But not anymore. Even though he spends his days working in his family's secondhand bookstore, the only book Aaron can bear to read is one about the demise of the dinosaurs. It's a predicament he understands all too well, now that his brother and mom are gone and his friends have deserted him, leaving Aaron and his shambolic father alone in a moldering bookstore in a

crusty mountain town where no one seems to read anymore. Talk about dinosaurs!

So when Aaron sees the opportunity to sell the store, he jumps at it, thinking this is the only way out. But he doesn't account for Chad, a "best life" bro with a wheelchair and way too much optimism, or the town's out-of-work lumberjacks taking on the failing shop as their pet project. And he certainly doesn't anticipate meeting Hannah, a beautiful, brave musician who might possibly be the kind of inevitable he's been waiting for.

All of them will force Aaron to come to terms with what he's lost, what he's found, who he is, and who he wants to be, and show him that destruction doesn't inevitably lead to extinction; sometimes it leads to the creation of something entirely new.
