The Long Awaited Ninth Book in the Bestselling Outlander Series Releases This November!

Go Tell the Bees That I Am Gone

Diana Gabaldon

#1 *New York Times* bestselling author Diana Gabaldon returns with the newest novel in the epic Outlander series.

The past may seem the safest place to be . . . but it is the most dangerous time to be alive. . . .

Jamie Fraser and Claire Randall were torn apart by the Jacobite Rising in 1746, and it took them twenty years to find each other again. Now the American Revolution threatens to do the same.

It is 1779 and Claire and Jamie are at last reunited with their daughter, Brianna, her husband, Roger, and their children on Fraser's Ridge. Having the family together is a dream the Frasers had thought impossible.

Yet even in the North Carolina backcountry, the effects of war are being felt. Tensions in the Colonies are great and local feelings run hot enough to boil Hell's teakettle. Jamie knows loyalties among his tenants are split and it won't be long until the war is on his doorstep.

Brianna and Roger have their own worry: that the dangers that provoked their escape from the twentieth century might catch up to them. Sometimes they question whether risking the perils of the 1700s—among them disease, starvation, and an impending war—was indeed the safer choice for their family.

Not so far away, young William Ransom is still coming to terms with the discovery of his true father's identity—and thus his own—and Lord John Grey has reconciliations to make, and dangers to meet . . . on his son's behalf, and his own.

Meanwhile, the Revolutionary War creeps ever closer to Fraser's Ridge. And with the family finally together, Jamie and Claire have more at stake than ever before.

Hanya Yanagihara's First Novel Since A LITTLE LIFE

To Paradise

Hanya Yanagihara

From the author of the classic A LITTLE LIFE, a bold, brilliant novel spanning three centuries and

three different versions of the American experiment, about lovers, family, loss and the elusive promise of utopia.

In an alternate version of 1893 America, New York is part of the Free States, where people may live and love whomever they please (or so it seems). The fragile young scion of a distinguished family resists betrothal to a worthy suitor, drawn to a charming music teacher of no means. In a 1993 Manhattan besieged by the AIDS epidemic, a young Hawaiian man lives with his much older, wealthier partner, hiding his troubled childhood and the fate of his father. And in 2093, in a world riven by plagues and governed by totalitarian rule, a powerful scientist's damaged granddaughter tries to navigate life without him—and solve the mystery of her husband's disappearances.

These three sections are joined in an enthralling and ingenious symphony, as recurring notes and themes deepen and enrich one another: A townhouse in Washington Square Park in Greenwich Village; illness, and treatments that come at a terrible cost; wealth and squalor; the weak and the strong; race; the definition of family, and of nationhood; the dangerous righteousness of the powerful, and of revolutionaries; the longing to find a place in an earthly paradise, and the gradual realization that it can't exist. What unites not just the characters, but these Americas, are their reckonings with the qualities that make us human: Fear. Love. Shame. Need. Loneliness.

TO PARADISE is a *fin de siècle* novel of marvelous literary effect, but above all it is a work of emotional genius. The great power of this remarkable novel is driven by Yanagihara's understanding of the aching desire to protect those we love – partners, lovers, children, friends, family and even our fellow citizens – and the pain that ensues when we cannot.

A GENTLEMAN IN MOSCOW Meets "Moulin Rouge"

The Perfume Thief

Timothy Schaffert

This stylish, sexy page-turner is set in Paris on the eve of World War II, where Clementine, a queer American ex-pat and notorious thief, is drawn out of retirement and into one last scam when the Nazis invade.

"This is a superb novel, enchanting and brutal in equal measure. This is historical fiction at its finest, vivid and beautifully rendered; and yet in their longing for a lost world, Schaffert's characters feel entirely contemporary to our present moment."--Emily St. John Mandel, author of *The Glass Hotel*

Clementine is a seventy-two year-old reformed con artist with a penchant for impeccably tailored suits. Her life of crime has led her from the uber-wealthy perfume junkies of belle epoque Manhattan, to the scented

butterflies of Costa Rica, to the spice markets of Marrakech, and finally the bordellos of Paris, where she settles down in 1930 and opens a shop bottling her favorite extracts for the ladies of the cabarets.

Now it's 1941 and Clem's favorite haunt, Madame Boulette's, is crawling with Nazis, while Clem's people--the outsiders, the artists, and the hustlers who used to call it home--are disappearing. Clem's first instinct is to go to ground--it's a frigid Paris winter and she's too old to put up a fight. But when the cabaret's prize songbird, Zoe St. Angel, recruits Clem to steal the recipe book of a now-missing famous Parisian perfumer, she can't say no. Her mark is Oskar Voss, a Francophile Nazi bureaucrat, who wants the book and Clem's expertise to himself. Hoping to buy the time and trust she needs to pull off her scheme, Clem settles on a novel strategy: Telling Voss the truth about the life and loves she came to Paris to escape.

Complete with romance, espionage, champagne towers, and haute couture, this full-tilt sensory experience is a dazzling portrait of the underground resistance of twentieth-century Paris and a passionate love letter to the power of beauty and community in the face of insidious hate.
